Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

The trustees, who are also directors of Watch Tower Bible and Tract Society of Britain (the Society) for the purposes of the Companies Act 2006, present their report with the financial statements of the Society for the year ended 31st August 2022. The trustees have adopted the provisions of Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) (effective 1st January 2019).

This report includes the Directors Report as required by company law.

OBJECTIVES AND ACTIVITIES

Objectives and aims

The Memorandum and governing document states that the objectives of the Society are to advance the Christian religion as practiced by the body of Christian persons known as Jehovah's Witnesses. This is accomplished in particular but not exclusively:

- a. producing audio and video material for Bible education, publishing, importing, exporting, recording, translating, producing, and distributing Bible literature;
- b. providing services and facilities for members of the Worldwide Order of Special Full-Time Servants of Jehovah's Witnesses (the Order) and such other support as deemed appropriate from time to time;
- c. purchasing, building, and renovating properties for use by Jehovah's Witnesses as places of worship as well as for other purposes to support the Charity's objects;
- d. engaging in acts of charity, mercy, and humanitarian aid; and
- e. distributing funds and goods to other entities that have similar aims.

Significant activities

The major areas of activities for the year in question have been:

1. Supporting entities of Jehovah's Witnesses with similar aims and objectives abroad. These donations have been in the form of goods such as paper for printing and software licences. All such donations have promoted religious activity overseas. This activity also includes sending funds directly, primarily to such entities in developing countries, where funds are limited. These are used for activities such as construction of places of worship and disaster relief.
2. Refurbishment of Kingdom Halls of Jehovah's Witnesses (places of worship) and the construction of new Kingdom Halls.
3. Provision of facilities to assist members of the Order.

The pandemic had been a significant negative factor which has limited the Society's ability to build and refurbish places of worship. During the year, the Society was able to gradually resume its activities in a safe manner.

Public benefit

As evidenced in this report, much has been accomplished by the Society in the year to advance its objects for the public benefit.

The construction work facilitates the activity of Jehovah's Witnesses. It helps them, others who associate with them and the wider public to learn godly values, promote well-being and respect for others, and practice qualities such as honesty and kindness. The work of the Society ensures that individuals are not limited by their background or financial means to gain access to these provisions.

The work of the Society also benefits those who do not wish to access these provisions. For example, through its building work, the Society creates attractive and dignified buildings which are a pleasing gift to the community. Another benefit arises from the teaching that takes place in these buildings, a key aspect of which is being good neighbours.

Public benefit is also achieved in other countries, where entities with similar aims are helped to accomplish the objectives described above, as well as with disaster relief in affected areas. The Society has seen the results of its funding in new places of worship, and disaster relief efforts that greatly assist the individuals in need and their communities. More information is included in the achievements and performance section of this report.

The Trustees confirm that they have complied with their duty to have due regard to the Charity Commission guidance on public benefit when exercising any powers or duties to which the guidance is relevant.

Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

OBJECTIVES AND ACTIVITIES

Overseas Donations

The Society's policy for making donations to other entities with similar aims and objectives is as follows: each year the Society considers requests from such entities in countries that receive insufficient donations locally to meet their aims. The Society considers if its yearly budget for this activity is appropriate. It also ensures that the beneficiary of these funds are legal entities that care for the activities of Jehovah's Witnesses in that country. After due diligence is carried out, the funds are sent. Reports are obtained to confirm appropriate use of the funds.

All donations made support the Christian ministry of Jehovah's Witnesses. Donated funds are used for building places of worship, facilitation of religious worship, providing Bible-based literature and assisting with disaster relief. The entities assisted share and pursue the same aims as the Society. Individual donors to the Society are made aware of the worldwide nature of our work and activities.

Assistance was also provided to entities used by Jehovah's Witnesses in other countries by purchasing and sending the necessary goods where appropriate.

Members of the Worldwide Order of Special Full Time Servants

The Society is often assisted by religious ministers who are members of the Order.

These individuals are not employed and do not receive a remuneration or any benefit in kind for the activities or services they perform. Although such ones do at times help the Society, for instance, by assisting with building work, their service involves many other assignments as well, not connected to the Society. Members perform whatever the Order assigns them to do in support of the activities of Jehovah's Witnesses.

Many who are not members of the Order, but who are Jehovah's Witnesses, also freely provide their time and resources to assist with needed work.

Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

STRATEGIC REPORT

Achievement and performance

Charitable activities - Assisting Entities with Similar Aims Overseas

During the year the Society provided material and financial assistance to entities of Jehovah's Witnesses with similar aims and objectives in several countries.

The aid, £74 million in total, was given to promote missionary activity, assist with disaster relief, and support the local entities. This is an increase on the previous year because the activity of the assisted entities increased due to the reduction of COVID-19 pandemic restrictions.

Direct funding of £59 million was sent to legal entities with similar aims and objectives, the majority of which were based in Africa. In addition, £15 million was spent on goods and services for these entities. These include computer programs, equipment and paper for printing activities. Sourcing these items centrally and donating them allows for the best use of donated funds. It also provides such goods to entities that otherwise would struggle to access them.

Funding was received from entities with similar aims and objectives that had already met their local needs. The Society has access to excellent banking services in Britain and was able to pool and distribute these funds. Of course, such funds are also available for domestic needs if necessary.

The receiving entities with similar aims and objectives sent very satisfying reports regarding the activity supported, which resulted in physical, spiritual and emotional support for many beneficiaries.

For example, In Zambia, refugees were assisted at the Mantapala refugee site through the provision of food items. Construction projects were carried out on many Kingdom Halls. A translation office was also completed, allowing beneficiaries access to spiritual support in their own language. The translation of the Bible into one local language was also facilitated.

In Liberia, the funds were used to renovate, upgrade and improve many properties that facilitate worship.

In Malawi, many homes and places of worship were damaged due to Cyclone Ana. Funding was used to help individuals recover from this disaster, as well as rebuilding and renovating properties.

The above are just a few examples. Similar activities took place in many other countries which the Society assists.

A social investment is also held by the Society. This is in line with the aims and objectives of the Society because the investment is charitable, helping Jehovah's Witnesses find places of worship in various parts of the world. The investment is socially, ethically and environmentally acceptable. It continues to perform positively.

Charitable activities - Building places of worship

During 2022, there was a significant resumption of construction work as COVID-19 pandemic restrictions eased. Challenges in the supply chain, increased costs of raw materials and ongoing cases of COVID-19 amongst volunteers resulted in extended project schedules and budgets. Nevertheless, by the spring of 2022, the majority of the Society's active projects had resumed and plans were in place to commence scheduled projects that had been delayed. During the year, the Society completed 1 new construction project, 7 major renovation projects and 23 minor maintenance projects.

Charitable activities - Providing services to full-time ministers

The Society has a long history of charitable business activity, therefore is well placed to carry out a variety of activities when a need arises. It cares for a small commissary and car garage at the headquarters of Jehovah's Witnesses in Britain. This was an important provision for ministers whose movements have been restricted during the year due to the pandemic.

The Society also has a history of shipping items around the globe and is able to use this to assist ministers and entities with similar objectives. Another major element of this activity comes from the transport experience and supplier network built up by the Society. This makes vehicles available which can be used by ministers for their religious activity.

All of the above activities have been carried out successfully during the year, adapting as necessary to ensure safety during the pandemic.

Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

STRATEGIC REPORT

Achievement and performance

Internal controls

To assist the Society in achieving its objectives, appropriate internal controls have been established. These ensure that the monthly financial reports accurately represent all transactions, provide reasonable assurance that finances are being used for their intended purpose, and verify that proper controls and procedures are in place, and adhered to.

The internal audit programme has been achieved. The internal auditor and his assistant have a set agenda to pursue through the year and reported again in writing to the trustees in November 2021. No significant findings were reported. Advice for improving the systems of the Society has been considered and implemented where appropriate.

This information was gathered from utility bills received by the Society during the year.

Section 172(1) statement

The trustees have met the Section 172 requirement of the Companies Act by considering wider stakeholder impacts of their decision-making.

The report of the trustees outlines many areas of activity which benefit a variety of groups. The public benefit statement outlines the wide scope of the Society's activities.

For example, the Society did not rush to resume its building activity during the COVID-19 pandemic, doing so this year only when it was deemed safe to do so. The needs of beneficiaries to have meeting places, was being weighed against the safety of those working on the projects and the general public. This decision-making process led to a safe return to activity, with beneficiaries receiving the buildings they need, without negative consequences for those involved in the projects.

The Society also was happy to fund many entities with similar aims and objectives during the year. These entities are well known to the Society and enjoy strong relationships based on trust. However, the Society is alert to the needs of its donors, the importance of having high operational standards, and the individual communities to whom its funding would impact. Therefore, strong controls have always been in place to verify the recipients of funding and to confirm proper use of its funds. The work created for receiving entities is balanced against the need to maintain high operational standards and ensure that local communities directly benefit from the funds provided. Unsurprisingly, this continued to confirm that the Society's funding is reaching communities where needed and is providing excellent benefits.

Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

STRATEGIC REPORT

Financial review

Financial position

The Society showed a deficit of £11 million on the Statement of Financial Activities (SOFA) at the 31st August 2022.

This came about due to a combination of lower donations received from other entities with similar aims and objectives, and an increase in activity of the entities with similar aims and objectives assisted by the Society. Further information is described in the Reserves Policy and 'Assisting Entities with Similar Aims and Objectives Overseas' section of this report.

It was further increased due to an £18 million net loss on investments. This was caused due to the increase in interest rates, which decreased the value of the investments, principally bonds, held by the Society. However, the assets affected will mostly be held to maturity, meaning unrealised losses will not become realised in future years. The trustees review of this matter led them to reclassify the assets from short to long term in the financial statements.

The aims and objectives of the Society are in no way financial, therefore monitoring of specific financial targets is not paramount. The trustees are pleased that they have been able to hold funds effectively and respond to worldwide needs as they arise.

The Society's basic financial aims are to maintain a strong balance sheet, to preserve its purchasing power and to maintain its ability to respond quickly to worldwide and local needs that may arise.

Principal funding sources

The Society currently has two funding sources, one of them being the construction of new facilities or places of worship, which is invoiced at cost to other charities with similar aims and objectives.

The Society relies to a large extent on voluntary donations to support its work, and has a consistent income stream through regular donations and legacies received. To support the overseas donations paid out, the Society also has arrangements with other global entities with similar aims and objectives, to receive incoming donations. These funds arrive when said entities have met their local needs. This allows the Society to pool the funds in banking institutions in Britain, ready and able to respond to worldwide needs. The SOFA confirms that this spending occurred successfully during the year.

The trustees are confident that the Society is in a strong financial position as demonstrated by the attached financial statements.

Investment policy and objectives

The memorandum and articles give power to invest funds in any lawful manner having full regard to the suitability of the investments, the need for diversification, and to be a socially responsible investor having due consideration for the beliefs of Jehovah's Witnesses. The objective of our investment policy is to balance the following issues: preserve the purchasing power, provide adequate liquidity, and to give consistent long-term returns.

After adjusting for inflow/outflows, the portfolio decreased by 3.2% over the past year, with an inflation rate of 9.9% in the year. The investment portfolio held 99.1% in diversified liquid assets. The financial statements show an unrealised loss has been incurred due to the increase in interest rates. However, the Society does not expect to realise this loss, because it intends to hold these investment assets to maturity.

The trustees continue to see the wisdom in holding to the current strategy favouring portfolio diversification both by asset class and currency exposure, having adequate liquidity in investment quality.

Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

STRATEGIC REPORT

Financial review

Reserves policy

At the year-end unrestricted reserves, not including fixed assets, stood at £246 million, maintaining a similar level to the previous year.

The reserves policy of the Society is to hold approximately 12 months running expenditure, as well as an appropriate amount for each country it assists. This would allow the Society to continue with regular expenditure, and to respond to disasters or other unexpected needs that could arise in multiple countries at one time. World events show this to be a very prudent step. The current reserves level meets our reserves policy.

These reserves represent amounts available for the Society's needs and any needs of the entities with similar aims and objectives in other countries. The Society has access to effective banking and investment services. The funds are therefore well utilised until they are called on. Worldwide needs can be responded to whenever necessary from this pool of funds. This assistance can be provided by sending funds, or acquiring and sending necessary items.

The trustees feel that such a policy is prudent, in light of the Society's plans and the current financial climate. They feel it makes best use of income and are confident that it does not adversely affect the Society's ability to both sustain and increase its activity. These reserves can therefore continue to be available for worldwide use as the need arises.

Environmental Performance

Especially with its building projects, the Society gives close attention to its environmental impact. Matters considered include: unused materials, construction waste management, renewable energy sources and water management. Conservation surveys are commissioned as necessary. Projects are registered with sustainability monitoring agencies such as BREEAM (Building Research Establishment Environmental Assessment Method) when this is required by local authorities.

The Society recognises the importance of environmental protection, especially with significant undertakings, and works in harmony with our Environmental Policy. This policy reflects the commitment to establish an Environmental Management System to monitor and control its environmental aspects; to assess and regularly re-assess the environmental effects of its activities; to conduct its activities in a manner that is sensitive to the needs and concerns of the surrounding inhabitants and environment; to integrate environmental issues into decision making; to reduce or eliminate pollution and nuisance; to minimise energy waste and materials; to protect biodiversity and ecosystems; to promote the use of sustainable, recyclable and renewable materials; and to educate and train volunteers in the use of environmentally conscious practices.

The above information enables the trustees to report strong environmental performance for the year. It is in harmony with its overall aims, that the Society has successfully cared for the environment wherever it is operating.

Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

STRATEGIC REPORT

Principal risks and uncertainties

Formal reviews have taken place regarding the major risks to which the Society is exposed. Strategic safeguards are in place to reduce the impact of those risks as far as possible. The Risk Register was updated most recently in July 2022.

The principal risks and uncertainties facing the Society are: failure to comply with legal requirements on health and safety, fire, environment, waste; disaster in the construction or maintenance of places of worship.

Failure to comply with legal requirements.

All building projects are compliant with any and all applicable legal, planning and building control requirements.

Regulatory authorities also inspect and advise on vehicle safety and standards.

Weekly maintenance and production meetings ensure standards are being followed and any suggestions are followed through.

We maintain a good working relationship with any authorities which oversee such requirements.

All of the above continue to ensure that the Society complies with relevant legal requirements.

Disaster in construction activities.

A comprehensive health and safety file is prepared for each project and managed by an onsite management team. Site safety audit visits are made twice annually to the groups of individuals overseeing construction in a given geographic area. Reports are reviewed by teams working centrally to see where any adjustments are needed. Incidents that occur on site are reviewed on a monthly basis, so that lessons learned can be applied across all areas of our operations.

Building sites are run consistent with Construction Industry Training Board Site Safety qualifications. Strict compliance with building regulations is ensured and experts fully utilised.

Workers attend safety and planning seminars. Daily meetings on health and safety are held on site for each project. An accident and near miss reporting system is also operational on site.

Documented instructions are followed by those in oversight. Written materials are provided to the relevant persons to assist them in maintaining health and safety.

The Trustees are confident that the hard work described above mitigates the possibility that a serious risk will be realised.

Statutory inquiry

On 31 December 2021, the trustees were informed by the Charity Commission that they have now closed the substantive investigative phase of the statutory inquiry into Watch Tower Bible and Tract Society of Britain. The trustees are working with the Commission on its final report which, it is anticipated, will be published soon.

Future plans

As the COVID-19 pandemic and other difficulties continue around the world, the Society wishes to continue to be able to provide quick and consistent charitable support as needed.

The Society also aims to complete more building projects, from minor renovations to major developments, as it continues to provide places of worship for beneficiaries.

The trustees are currently of the opinion that the Society is not exposed to a potential lack of going concern and that it is in a strong financial position.

STRUCTURE, GOVERNANCE AND MANAGEMENT

Governing document

The charity, a UK company limited by guarantee, is controlled by its governing document, the memorandum and articles of the company dated 25th October 1999, as amended by special resolutions dated 19th April 2000, 21st November 2013, 13th April 2016, and 8th April 2022.

Organisational structure

The Society is constituted as a company limited by guarantee.

Watch Tower Bible and Tract Society of Britain

Report of the Trustees for the Year Ended 31st August 2022

STRUCTURE, GOVERNANCE AND MANAGEMENT

Members Liability

Each member of the charitable company undertakes to contribute to the assets of the charitable company in the event of it being wound up while they are a member, or within one year after they cease to be a member, such amounts as may be required, not exceeding £1, for the debts and liabilities contracted before they ceased to be a member.

Recruitment and appointment, induction and training of new trustees

The recruitment and induction of new trustees is arranged as follows: The trustees may at any time co-opt any person duly qualified to be appointed as a trustee to fill a vacancy in their number or as an additional trustee. Such a person must be a member of the Society and serve as one of Jehovah's Witnesses. New trustees are given training in both operational and financial matters with the aid of the existing trustees and relevant documentation and guidance provided by the Charity Commission. Trustees are given appropriate Charity Commission publications and training is arranged as part of the meetings of the trustees when the Society's policies are discussed. This is supplemented by periodic training provided by other professional bodies when new legislation affecting the Society is introduced.

The trustees meet together each month, and are in regular contact.

Wider network

The Society works closely with many entities with similar aims and objectives around the world. One example is the International Bible Students Association (IBSA). During the year IBSA provided the Society with serviced facilities for its charitable activities.

Cooperation with all of these entities facilitates an efficient and economic use of the Society's resources. This cooperation also helps the Society to meet its stated aims and objectives.

The charity also considers policies, procedures and guidelines used by entities of Jehovah's Witnesses globally with similar aims and objectives, and, where applicable, seeks to implement them.

Engagement with suppliers, customers and others

The trustees recognise the importance of good business relationships to facilitate the uninterrupted provision of charitable services to beneficiaries. Policies are followed to ensure strong relationships with key suppliers are maintained whilst still obtaining value for money and making the best use of donated funds.

STATEMENT OF TRUSTEES' RESPONSIBILITIES

The trustees (who are also the directors of the Society for the purposes of company law) are responsible for preparing the Report of the Trustees and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 "The Financial Reporting Standard applicable in the UK and Republic of Ireland".

Company law requires the trustees to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charitable company and of the incoming resources and application of resources, including the income and expenditure, of the charitable company for that period. In preparing those financial statements, the trustees are required to

- Select suitable accounting policies and apply them consistently;
- Observe the methods and principles in the Charity SORP;
- Make judgements and estimates that are reasonable and prudent;
- State whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- Prepare the financial statements on the going concern basis, unless it is inappropriate to presume that the charitable company will continue in business.

The trustees are responsible for keeping proper accounting records, which disclose with reasonable accuracy at any time the financial position of the charitable company, and to enable them to ensure that the financial statements comply with the Companies Act 2006. They are also responsible for safeguarding the assets of the charitable company and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

In so far as the trustees are aware:

- There is no relevant audit information of which the charitable company's auditors are unaware; and
- The trustees have taken all steps that they ought to have taken to make themselves aware of any relevant audit information and to establish that the auditors are aware of that information.

Report of the trustees, incorporating a strategic report, approved by order of the board of trustees, as the company directors, on ...12 May 2023..... and signed on the board's behalf by:

.....
R Li - Trustee

Report of the Independent Auditors to the Members of Watch Tower Bible and Tract Society of Britain

Opinion

We have audited the financial statements of Watch Tower Bible and Tract Society of Britain (the 'charitable company') for the year ended 31st August 2022 which comprise the Statement of Financial Activities, the Balance Sheet, the Cash Flow Statement and notes to the financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice), including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'.

In our opinion the financial statements:

- give a true and fair view of the state of the charitable company's affairs as at 31 August 2022 and of its incoming resources and application of resources, including its income and expenditure, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice, including Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland'; and
- have been prepared in accordance with the requirements of the Companies Act 2006 and Section 44 (1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Accounts (Scotland) Regulations 2006.

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditors' responsibilities for the audit of the financial statements section of our report. We are independent of the charitable company in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Conclusions relating to going concern

In auditing the financial statements, we have concluded that the trustees' use of the going concern basis of accounting in the preparation of the financial statements is appropriate.

Based on the work we have performed, we have not identified any material uncertainties relating to events or conditions that, individually or collectively, may cast significant doubt on the charitable company's ability to continue as a going concern for a period of at least twelve months from when the financial statements are authorised for issue.

Our responsibilities and the responsibilities of the trustees with respect to going concern are described in the relevant sections of this report.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Annual Report, other than the financial statements and our Report of the Independent Auditors thereon.

Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether this gives rise to a material misstatement in the financial statements themselves. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Opinions on other matters prescribed by the Companies Act 2006

In our opinion, based on the work undertaken in the course of the audit:

- the information given in the Report of the Trustees for the financial year for which the financial statements are prepared is consistent with the financial statements; and
- the Report of the Trustees has been prepared in accordance with applicable legal requirements.

Report of the Independent Auditors to the Members of Watch Tower Bible and Tract Society of Britain

Matters on which we are required to report by exception

In the light of the knowledge and understanding of the charitable company and its environment obtained in the course of the audit, we have not identified material misstatements in the Report of the Trustees.

We have nothing to report in respect of the following matters where the Companies Act 2006 requires us to report to you if, in our opinion:

- adequate accounting records have not been kept or returns adequate for our audit have not been received from branches not visited by us; or
- the financial statements are not in agreement with the accounting records and returns; or
- certain disclosures of trustees' remuneration specified by law are not made; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of trustees

As explained more fully in the Statement of Trustees' Responsibilities, the trustees (who are also the directors of the charitable company for the purposes of company law) are responsible for the preparation of the financial statements and for being satisfied that they give a true and fair view, and for such internal control as the trustees determine is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, the trustees are responsible for assessing the charitable company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charitable company or to cease operations, or have no realistic alternative but to do so.

Our responsibilities for the audit of the financial statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue a Report of the Independent Auditors that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

The extent to which our procedures are capable of detecting irregularities, including fraud is detailed below:

Our objectives in performing the audit are to identify and assess the risk of material misstatement in the financial statements due to fraud or error and to obtain sufficient audit evidence to support this. We also evaluate and respond to the risk of material misstatements.

Audit procedures performed by the engagement team included:

- Obtaining an understanding of the legal and regulatory framework applicable to the entity and how the entity is complying with that framework.
- Assessing the susceptibility of the entity's financial statements to material misstatement, including how fraud might occur.
- Discussing with management and those charged with governance as to any known or suspected instances of non-compliance with laws and regulations, including fraud
- Obtaining an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the company's internal control.
- Evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by the trustees.
- Evaluating the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at www.frc.org.uk/auditorsresponsibilities. This description forms part of our Report of the Independent Auditors.

Report of the Independent Auditors to the Members of Watch Tower Bible and Tract Society of Britain

Use of our report

This report is made solely to the charitable company's members, as a body, in accordance with Chapter 3 of Part 16 of the Companies Act 2006. Our audit work has been undertaken so that we might state to the charitable company's members those matters we are required to state to them in an auditors' report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charitable company and the charitable company's members as a body, for our audit work, for this report, or for the opinions we have formed.

Watch Tower Bible and Tract Society of Britain

Notes to the Financial Statements for the Year Ended 31st August 2022

1. ACCOUNTING POLICIES

Basis of preparing the financial statements

The financial statements of the charitable company, a company limited by guarantee registered in England and Wales and in Scotland, which is a public benefit entity under FRS102, have been prepared in accordance with applicable charity and company law, namely the Charities SORP (FRS102) 'Accounting and Reporting by Charities: Statement of Recommended Practice applicable to charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS102) (effective 1st January 2019)', Financial Reporting Standard 102 'The Financial Reporting Standard applicable in the UK and Republic of Ireland' (effective 1 January 2019), the Companies Act 2006 and the Charities Act 2011.

The financial statements have been prepared under the historical cost convention or transaction value, unless stated in the relevant accounting policy note(s). All amounts are stated in pounds sterling and rounded to the nearest whole number.

Critical accounting judgements and key sources of estimation uncertainty

The preparation of the financial statements requires judgements, estimations and assumptions to be made that affect the reported value of assets, liabilities, income and expenditure. The nature of estimation and judgement means that actual outcomes could differ from expectation. A significant area of estimation and judgement is when support costs have been allocated to activity on a basis consistent with their use of resources. Further estimations and judgement are investment valuations at market value as described in note 13 and conditional donations provision as described at note 20.

Another key estimate is the rate of depreciation. The trustees are of the opinion that the rates applied to the financial statements are appropriate.

Income

All income, whether in the form of donations or legacies is recognised in the Statement of Financial Activities once the Society has entitlement to the funds, it is probable that the income will be received, and the amount can be measured reliably.

Donations in the form of assets are included at the net book value on the date of the gift.

For legacies, entitlement is taken as the earlier of the date on which either; the Society is aware that probate has been granted, the estate has been finalised and notification has been made by the executor(s) to the Trust that a distribution will be made, or when a distribution is received from the estate. Receipt of a legacy, in whole or in part, is only considered probable when the amount can be measured reliably and the Society has been notified of the executor's intention to make a distribution.

Income from charitable activities also includes the value of services, excluding Value Added Tax, provided at cost to other charitable bodies during the period. The completion stage of building work performed over long-term contracts is verified by qualified individuals and invoiced accordingly at appropriate intervals.

Grants are recognised when the charity is entitled to receipt.

Investment income is accounted for on an accruals basis.

Expenditure

Liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the Society to that expenditure, it is probable that a transfer of economic benefits will be required in settlement, and the amount of the obligation can be measured reliably. Expenditure is accounted for on an accruals basis and has been classified under headings that aggregate all costs related to the category. Where costs cannot be directly attributed to particular headings they have been allocated as described later regarding cost allocation.

Raising funds

These are comprised of investment management costs incurred during the year. The Society does not engage in fund raising.

Governance costs

Governance costs comprise costs involved in the running and administration of the Society. These are allocated across activities in the same manner as all other support costs.

Allocation and apportionment of costs

Where a cost is incurred for the purpose of directly achieving one of the charitable aims it is allocated to that particular aim.

Some costs do not relate to one particular aim, but support all of the aims of the Society. Where this is the case, the support cost is apportioned to the activity based on the proportion of direct costs it incurs.

Watch Tower Bible and Tract Society of Britain

Notes to the Financial Statements - continued for the Year Ended 31st August 2022

1. ACCOUNTING POLICIES - continued

Tangible fixed assets

Fixed assets are valued at cost less depreciation and impairment charges. Assets costing less than £3,000 are not capitalised. Depreciation is provided at the following annual rates in order to write each asset down to its residual value over its estimated useful life:

Freehold land	-	Not depreciated
Buildings	-	2% on cost
Plant and machinery	-	10% or 6.7% on cost,
Motor vehicles	-	33%, 20% or 14% on cost
Fixtures and fittings	-	33% or 10% on cost

Impairment reviews are carried out on individual assets when there is some indication that the recoverable amount of a fixed asset is below its net book value.

Social investments

The Society classifies its social investments as programme related. The investment is to further charitable aims, and any financial return is incidental. The investment is held at cost less impairment, as fair value cannot be measured reliably.

Stocks and long-term contracts

Stocks and work in progress are valued at the lower of cost and net realisable value, after making due allowance for obsolete and slow moving items.

Cost includes all direct expenditure and an appropriate proportion of fixed and variable overheads.

Long term contracts are assessed on a contract by contract basis and reflected in the statement of financial activities by recording turnover and related costs as contract activity progresses. Turnover is ascertained in a manner appropriate to the stage of completion of the contract.

Taxation

The charity is exempt from corporation tax on its charitable activities.

Fund accounting

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the Society. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes. Where a restricted fund has fulfilled its purpose and excess funds remain, the balance will be transferred to unrestricted funds, provided that this was understood by the donors at the time of their donation.

Foreign exchange gains and losses

Foreign currency balances have been translated at the prevailing rate on the balance sheet date. Income and expenditures during the year have been translated at the prevailing rate on the day of the transaction. Gains and losses arise when foreign currency assets change in value between their purchase and the balance sheet date.

Donated goods

Donated goods are recognised as income when the Society has control over the item, the receipt of economic benefit from the use by the Society of the item is probable and that economic benefit can be measured reliably. These would be measured at fair value.

Fixed Asset Investments

Investments are a form of basic financial instrument and are initially recognised at their transaction value and subsequently measured at their fair value as at the balance sheet date using the closing quoted market price. The Statement of Financial Activities includes the net gains and losses arising on revaluation and disposals throughout the year

The majority of fixed asset investments are bonds, held in UK sterling or other traded currencies. They have been valued at the appropriate exchange rate at the year-end. Although they are liquid investments, the nature of the portfolio is long term. Presenting these investments as fixed assets represents a change in accounting policy, as explained in note 11.

A far smaller portion of the investments consists of various funds and derivatives managed by professional firms and banks. The valuations are based on the external fund managers' estimates of the underlying assets of the investment vehicle.

Watch Tower Bible and Tract Society of Britain

Notes to the Financial Statements - continued for the Year Ended 31st August 2022

1. ACCOUNTING POLICIES - continued

Deposits

The Society had an arrangement whereby individuals could deposit funds so that the Society could benefit, on the understanding that these funds could be requested back whenever the depositor wishes. Deposits repayable on demand are classified as falling due within one year. This arrangement was closed to new deposits in 2015. Experience shows that only a small percentage of deposits (approximately 10%) will be called upon in any one year. Therefore, 90% of these amounts held are recognised as falling due after one year. Deposits are still accepted from congregations of Jehovah's Witnesses.

Conditional donations

The Society receives some donations where the donor reserves the right to receive the funds back in case of unexpected need. Experience has shown that only a small percentage is returned, but prudently the charity provides for twenty-five percent.

Other recognised gains and losses

These comprise unrealised and realised gains and losses on investments. Unrealised gains and losses represent the difference between the market value brought forward (or cost, for assets bought within this financial year) and the market value at the balance sheet date. Realised gains and losses represent the difference between sales proceeds and market value brought forward (or cost, for assets bought within this financial year.) Realised and unrealised investment gains and losses are combined in the Statement of Financial Activities.

Irrecoverable VAT

Irrecoverable VAT is included in the relevant cost headings on the face of the Statement of Financial Activities and is not shown as a separate item.

Interest receivable

Interest on funds held on deposit is included when receivable and the amount can be measured reliably by the Society, which is normally upon notification of the interest paid or payable by the Bank.

Debtors

Debtors are recognised at the total amount due to the Society. Prepayments are valued at the amount prepaid net of any trade discounts due.

Cash at bank and in hand

Cash at bank and in hand include current and deposit accounts as well as trivial amounts of petty cash.

Creditors

Creditors are recognised where the Society has a present obligation resulting from a past event that will probably result in the transfer of funds to a third party and the amount due to settle the obligation can be measured or estimated reliably. Creditors are normally recognised at their settlement amount after allowing for any trade discounts due.

Going Concern

The Trustees consider the Society a going concern and have no material uncertainties in this regard. A strong balance sheet position and consistent income base contribute to this conclusion.

Volunteers

Individuals voluntarily assist with all of the activities of the Society. The role of these individuals is fundamental to the Society carrying out its work, as the Society does not have a salaried workforce.

	<u>170,691</u>	<u>34,080</u>	<u>204,771</u>

Support costs have been allocated to the appropriate activity, as shown above, in line with the charity's accounting policies.

9. NET INCOME/(EXPENDITURE)

Net income/(expenditure) is stated after charging/(crediting):

	2022 £	2021 £
Auditors' remuneration	34,080	39,913
Depreciation - owned assets	109,845	297,496
Surplus on disposal of fixed assets	<u>(536,446)</u>	<u>(336,887)</u>

10. TRUSTEES' REMUNERATION AND BENEFITS

The trustees do not receive any remuneration or benefits for their role as trustees of the Society.

All are members of the Worldwide Order of Special full-time Servants of Jehovah's Witnesses.

The trustees and their spouses donated in total £700 to the charity.

The conditional donation provision contains an amount of £3,500 relating to a trustee.

Trustees' expenses

No expenses were reimbursed to trustees during the year.

Watch Tower Bible and Tract Society of Britain

Notes to the Financial Statements - continued for the Year Ended 31st August 2022

11. CHANGE IN ACCOUNTING POLICY

The trustees reviewed the presentation of investments in the financial statements. Although previously held as current assets due to their liquidity, it was deemed more accurate to present them as fixed asset investments. This is because the portfolio as a whole is held as part of on-going investment activities for more than one year from the reporting date. This allows for more accurate reporting. For example, the portfolio had high unrealised losses this year. Whereas previously this would have been included within the current year's income, this is now shown separately on the Statement of Financial Activities. It can now be clearly shown that, because the assets are held long term, these losses should not be realised, because the assets can be held to maturity.

As a result of this change, 2 items have been reclassified in the 2021 figures. A net loss of £1.5 million has been moved from investment income to net gains/losses on investments and £244 million was moved from Current to Fixed Assets.

18. CREDITORS: AMOUNTS FALLING DUE AFTER MORE THAN ONE YEAR

	2022	2021
	£	£
Deposits (see note 19)	<u>4,872,942</u>	<u>5,475,168</u>

19. DEPOSITS

No maturity analysis is provided for these deposits due to their nature, as described in the above notes.

20. PROVISIONS FOR LIABILITIES

	2022	2021
	£	£
Conditional donations	<u>3,346,125</u>	<u>3,193,912</u>
		£
Provision at 1st September 2021		3,193,912
Provision on new conditional donations received		251,851
Provision released on conditional donations converted into donations		(43,750)
Provision released on conditional donations repaid		<u>(55,888)</u>
Provision at 31st August 2022		<u>3,346,125</u>

Conditional donations are donations made by individuals on the understanding that they may be recalled should the donor require such funds in the future. The donor retains an option over their donation until they die or write to convert it into an outright donation or request repayment. While it is considered probable that some of these conditional donations will need to be repaid, it is unknown when this liability will crystallize or how large it will be. The trustees have therefore prudently made a provision for 25% of the balance of conditional donations as shown above. The remaining £10,038,376 is a contingent liability.

Watch Tower Bible and Tract Society of Britain
